OUR TRAIN

C.H.S.

The last whistle has blown; our train, C.H.S. has given us her best knowledge, in counseling and in experiences. The bustle of choosing trains, planning schedules and buying tickets is over. All that remains for us now is memories. We are ready to gather our trophies and belongings around us and to change trains for one that will take us on into the future.

# DEDICATION

To one of our engineers who has been most helpful and loyal to C.H.S., who founded four of our very creditable organizations, who tirelessly worked for the betterment of our school and who has had a definite influence on the successful future of the graduates of our school for many years. . .

With affectionate good will and gratitude, we, the class of 1954, proudly dedicate this annual to MISS MARTHA KELLEY.

The Chatter Staff is selected from the senior journalism class.

This year the chatter was published every three weeks and was commercially printed for the first time. All make-up and writing of advertisements was prepared by student members.

The major projects of the year were the press tournament sponsored by Florida State University, the style show which climaxed the sewing contest, and the encouragement of student creative writing, the best of which was published in the Chatter.

Mary Lou Snook is editor-in-chief, and Miss Betty Jane Foley is advisor.

The Florida Operators Club, of which the Audio-Visual Club is a member, was organized in 1950. The state convention is held each year in May, when boys from Miami, Jacksonville, Clearwater, St. Petersburg, and other cities of the state meet to discuss new types of equipment, improved methods and other issues.

Student operators, serving for three years, receive an operator's license upon examination.

The faculty advisor is Miss Haynes.

# Library Club

The Clearwater Senior High School Library serves as a materials center for our school. In it are about 5,000 books, pamphlets, and magazines. We use these materials daily, for reference, research, and recreational purposes. In finding what we need, we are assisted by ten helpful student library assistants, two of whom are scheduled to work with Miss Haynes each period of the day.

E. Crook, Vice President; E. Smith, S. Harman, President; J. Vollwiler, J. Wilson, B. Whitehead, B. Campbell, D. Mitchell, Secretary-Treasurer.

Checking out

The Band, one of the busiest organizations of the school, has been seen participating in parades, pep rallies and concerts. They are always on hand to play snappy tunes during football games; and the well-planned half-time drills are spectacular! A pep band represents the group at basketball games. Stepping out in front for the first time this year are the duo-drum majors.

Officers?

In the Ranks . . .

This year the Band was honored by being selected by the publication "The First Chair," a national music year-book.

We are always proud of our crimson and gray clad, Clearwater High School Band, under the capable directorship of Mr. Stephen Yanatovich.

Warm-up

Mr. Yanetovich, director of the orchestra, has placed several of the outstanding students in several semi-professional symphonic orchestras in this area. Clearwater High School is one of the few schools of its size that boasts of an orchestra. Each year music scholarships from universities and colleges are offered to the graduating students of the orchestra.

Their first program this season was played at the Masonic Home followed a week later by presenting "Back to Boogie" for the P.T.A. meeting in September.

The Orchestra is becoming widely known throughout the state for its fine performances in concerts, contests, and participation in the Florida Music Educators Conferences.

This organization is made up of thirty players from the string ensemble which meets fourth period daily plus twenty-five wind and percussion players selected from the band.

It has a limited number of members and a long waiting list. The Civic Council meets twice a month on alternating Wednesdays at homes of its members.

Everyone's on the "beam" when they belong to the National Honor Society which enables anyone having an average of 85 or more from the ninth grade up, and being outstanding in character, leadership, and service, to become a member. Students are invited to join by formal initiation either at the mid-term or at the end of the year. The mid-term initiation is an informal affair, while the one at the end of the year is included in the annual formal banquet held by the society each year at that time.

This organization was started in 1936, and is under the guidance of Miss Martha Kelley. One of the chief projects of the National Honor Society is to take the new students around and introduce them to the teachers.
